

**St Peter's Catholic Primary School**  
**Year 6 – Lent Term 2**

<p><b>English</b>  Literacy Tree- <i>The Promise – Nicola Davies</i>  Children will discuss the concept of promises, making their own and exploring how a seed can hold a promise within. Children will investigate the impact of using a range of modal verbs and specific punctuation choices, as well as building their vocabulary to create figurative phrases to write poetry. Children will write their own sequel in the form of a narrative poem to continue the story cycle  SPAG – Basic punctuation, standard English, determiners and revision of SPAG work covered this year.</p>	<p><b>RE</b>  <i>Unity</i>  Within the theme 'Eucharist', we will be exploring the topic of Unity - Eucharist, enabling people to live in Communion.   <i>Death and New Life</i>  Within the theme 'Lent/Easter' we will be exploring how Lent is the season when Christians practise both giving and giving up to identify with the complete self-giving of Jesus remembered during Holy Week.</p>	<p><b>Science - Light</b>  We will consolidate prior knowledge of light and shadow and will extend this understanding by learning about how light travels in straight lines. We will learn how we see, by understanding light travels from the light source to an object and then reflects to our eyes and explore the phenomena of reflection and refraction.</p>	<p><b>Mathematics</b>  Developing understanding, reasoning and problem solving within -  <i>-Fractions, decimals and percentages</i>  <i>-Area, perimeter and volume</i>  <i>-Statistics</i></p>
<p><b>Geography – Our Changing world</b>  In this unit we will discover some of the many ways in which the world around us is changing, both due to physical processes including weathering and erosion as well as political factors. We will learn about the structure of the United Kingdom and how its shape, landscape and geography have changed over thousands of years and make predictions about future changes which may occur as a result of human activity.</p>	<div data-bbox="926 683 1262 1019" data-label="Image"> </div> <p align="center"><i>Live and Learn as Friends of Jesus</i></p>		<p><b>Computing – Online Safety</b>  In this unit pupils will learn about the positive and negative impacts of sharing online, learn strategies to create a positive online reputation understand the importance of secure passwords and how to make them, learn strategies to capture evidence of online bullying to seek help and recognise that updated software can help to prevent data corruption and hacking.</p>
<p><b>STEM</b>  STEM stands for Science, Technology, Engineering and Mathematics. STEM education is a cross-discipline approach to teaching these interrelated subjects, with problem solving at its heart. Lessons develop critical thinking, teamwork, confidence and creativity.</p>			<p><b>Design and Technology – Digital World - navigating the world</b>  Learners will develop programming and 3D CAD skills to produce a visual model to fit a specific design brief.</p>
<p><b>PE - Dance 2</b>  Work collaboratively with others to create a build a narrative through dance.  - <i>Hockey</i>  Continuing sessions with Sir William Borlase's hockey coaches.</p>	<p><b>Music – You've got a Friend</b>  Focused around the Carol King song 'You've got a friend', children will develop musical knowledge and skills through listening and appraisal, singing, using instruments and producing their own compositions. They will share their learning through performance.</p>	<p><b>French – French Sports and the Olympics</b>  Pupils conjugate the verb 'aller' - to go, identify correct prepositions and learn sports vocabulary. They expand their knowledge of country names and develop their cultural knowledge of Pétanque, the Tour de France and the Olympics.</p>	<p><b>PSHE – Yes! It's our wonderful world!</b>  Explore ways of carrying out shared responsibilities for protecting the environment in school and at home; how everyday choices can affect the environment (e.g. reducing, reusing, recycling; food choices)</p>
